## Amendments: Recommendations:

### Amendment 1 VOTE NO

A **"yes"** vote supports authorizing the state legislature to pass laws prohibiting flood resistance improvements to a home from being taken into consideration when determining a property's assessed value for property tax purposes.

A **"no"** vote opposes the amendment, thereby continuing to allow flood resistance improvements to a home to be taken into consideration when determining a property's assessed value for property tax purposes.

### Amendment 2 VOTE YES

A **"yes"** vote supports abolishing the Florida Constitution Revision Commission, a 37-member commission that meets every 20 years to propose changes to the state's constitution and refer them to the statewide ballot for voter approval or rejection. We believe that this commission is appointed by Republicans, the process is controlled by republicans, and is another avenue they could use to eliminate the women's right to privacy. Let's remove this tool.)

A **"no"** vote opposes abolishing the Florida Constitution Revision Commission.

### Amendment 3 VOTE YES

A **"yes"** supports authorizing the Florida State Legislature to provide an additional homestead property tax exemption on \$50,000 of assessed value on property owned by certain public service workers including teachers, law enforcement officers, emergency medical personnel, active duty members of the military and Florida National Guard, and child welfare service employees. Every election they choose a group to give this additional homestead exemption to. We should ALL get it. Eventually we will need a constitutional amendment or something to give this to all of us. But for now let's vote YES for teachers, fire fighters, etc.

A "**no**" opposes authorizing the Florida State Legislature to provide an additional homestead property tax exemption on \$50,000 of assessed value on property owned by certain public service workers.
